

# SPRING 2016 WHOLE CIRCLE FARM CSA INFORMATION

#### WHAT IS A CSA?

Community Supported Agriculture (CSA) allows you, the customer, to be directly connected to us, the farmers, to our farm, and to the environment by allowing you the opportunity to eat seasonally. By investing up front you are giving us the support and accountability we need – A promise from you that you'll come to get your veggies, and a promise from us that we'll have them ready for you!

Our Spring CSA runs for 6 pickups every two weeks from March to June. You will receive flavourful vegetables from our root cellar, fresh spinach from our unheated tunnels and seasonal spring vegetables from us and our neighbours. Our newsletter provides recipe ideas, storage information as well as farm photos and updates. We will be using a modification of our highly popular point system to allow you greater choice in the vegetables and the quantities you want for you and your family. Come experience the farm in spring!
