

# WINTER CSA 2017

## WHOLE CIRCLE FARM CSA INFORMATION

### WHAT IS COMMUNITY SUPPORTED AGRICULTURE (CSA)?

Community Supported Agriculture directly connects customers (that's you!) to your farmers (that's us!). Being a member of a CSA and eating seasonally connects you to the land where your food is grown and to the natural world. All the produce we offer is grown on our farm and is a direct reflection of the land and the season.

Our 2017 Winter CSA will run for 4 pickups from November through December. Using our highly popular point system, you choose the vegetables and the quantities you want. Our bi-weekly newsletter provides recipe ideas, vegetable storage information, as well as farm photos and updates.

### WHAT CAN I EXPECT IN MY WINTER SHARE?

Early winter tends to provide fresh veggies from the field (depending on the timing of the first frosts) like kale and Swiss chard. Through the winter, your share will be filled with veggies from our root cellar (carrots, beets, potatoes, parsnips, garlic, onions, cabbage, winter squash, turnips, radishes, celeriac, kohlrabi, and more).
